A crossword puzzle grid is shown within a yellow rounded rectangle. A vertical column of 11 cells is highlighted in pink. A green arrow points down to the top cell of this column. The grid consists of 11 rows and 11 columns. The highlighted column is the 5th column from the left. The grid is partially filled with white squares, indicating the positions of the words. The words are listed on the left side of the grid, corresponding to the numbered squares.
